ARJOHUNTELEIGH
The Enterprise® Range

Reduced Falls Risk
The beds have an exceptional low height of 30cm.

Infection Control
The beds were designed with the aim of being the easiest in the world to clean and decontaminate.

Pressure Area Care
Patented Bio-Contour® profiling system.

Service / Engineering
Designed for “pit stop maintenance” – open accessibility means changes can be carried out in situ within a few minutes by one person.

Moving and Handling
The Enterprise beds are lightweight and very easy to manoeuvre.

Standard Features
- Split plastic safety sides (Enterprise 8000 and 9000)
- Folding metal safety sides (Enterprise 5000)
- Integral weighing, anti-entrapment and bed exit alarm (Enterprise 9000)
- Head end attached to base
- Fully electric operation
- Chair position at lowest height
- Auto-CPR and auto-contour
- Battery back-up
- Bio-Contour profiling system
- Lockout switches for platform movements
- Dual-sided manual CPR levers for backrest
- Angle indicators (backrest, knee-break)
- Digital angle indicators (Enterprise 9000)
- Bed extension with mattress retainer
- Linen shelf with duvet retainer
- Removable head and foot ends
- Removable plastic deck sheets
- Linked brake / steer system (4 braking castors)
- 125mm single wheel castors
- Under-bed light

ARJO HUNTLEIGH Enterprise® 3000

The Enterprise 3000 electric profiling hospital bed offers excellent features and a modern, stylish design at a very competitive price. Standard features include:

- Safe working load 230kg (36 stone)
- Electric backrest, height, knee-break and two-way tilt operation
- Nurse and patient handsets
- Auto-contour button
- Pro-Contour® Advance profiling
- Intelligent profiling system
- Handset lockout facility
- Battery back-up
- Dual sided manual CPR levers
- Removable head and foot ends with a range of colour infill choices
- Integral bed extension with mattress retainer
- Linen shelf
- Removable, perforated mattress platform sheets
- Integral folding safety sides
- Linked braking / steering
- Height range 38–79cm (14.75–31")

ARJO HUNTLEIGH Contoura® 1080

The Contoura 1080 bariatric bed has been specifically designed to cater for patients who exceed the safe working load of standard beds. The bed has a maximum patient weight of 450kg (71 stone). Particular care has been taken in the design of this product to create an appearance as close as possible to that of a normal, modern hospital bed.

Factory-fitted integral weighing facility as standard, which weighs up to 500kg (78 stone) and is accurate to ± 500g. Weighing can be carried out with the bed in any position, and an auto-compensation facility allows objects to be added to, or taken away from the bed without affecting the patient’s weight reading.
**ARJOHUNTLEIGH Minuet® 2 Community Bed Range**

The Minuet 2 Community bed range has been designed for use in private, residential and convalescent homes. The fully electric operation of the bed aids client independence and reduces moving and handling risks to the carer. The Pro-Contour® Advance profiling system gives outstanding pressure, shear and friction reduction as well as improved postural support and comfort.

The Minuet 2 bed has an exceptional low height of 23cm (9”) which not only enhances the safety for clients who are at risk of falling out of bed; it also allows easy wheelchair transfers. All beds come with an integral bed extension of 13cm to cater for taller clients.

Easy to clean and it disassembles into four sections allowing for easy storage, transport and assembly.

- Low height 23cm (9”)
- Integral bed extension 13cm (5”) with mattress retainer
- Pro-Contour® Advance profiling
- Electric height and backrest adjustment
- Battery back-up
- Handset with raised, embossed buttons
- Electric Trendelenberg/ Reverse Trendelenberg Tilt (optional)
- Beech effect head and foot end panels
- Removable head and foot end panels
- Easy to clean slatted mattress platform
- Kick stop brakes
- Disassembles into 4 sections for transport/storage
- Dimensions: L226 x W105cm (89.25 x 41.25”)
- Height range: 23 – 64cm (9 – 25.25”)

---

- **HBED07-1** Steel E/Height Folding Safety Sides (pair) £249.00
- **HBED08-1** Safety Side Pads for Standard & E/Height Steel Safety Sides (pair) £143.00
- **HBED09-1** Lifting Pole £77.00

*See our Pressure Area Care section for mattresses available*
ARJOHUNTEIGH Childminder Cot

The Childminder adjustable height cot has electrically powered variable height, which enables carers to effortlessly adjust the cot to their own ideal working height. Moving and handling risks are greatly reduced, as bending, stooping and twisting, all known to be major causes of back injury, are virtually eliminated.

- Electrically powered height adjustment, operated using a pendant handset
- Lockable storage compartment for the handset, preventing unauthorised use
- Battery back-up
- Easy to operate two-way tilt (12° head down, 8° foot down)
- Head and foot ends that are easily removed independently of the cot sides
- Three different cot side positions
- Cot sides firmly secured at all positions with a child resistant catch
- Linked braking/steering system
- Range of accessories available
- Easy to clean
- Fully compatible with the pressure relieving Nimbus® Paediatric System and Pentaflex® Paediatric Mattress
- Also available without variable height

| HBED31300  | Childminder Cot (2 Way Tilt) | £657.00 |
| HBED31300/EL | Childminder Cot (2 Way Tilt) with Electrical Variable Height | £1,368.00 |
| HBED31301/EL | Childminder Cot (2 Way Tilt) with Backrest & Electrical Variable Height | £1,413.00 |
| HBED31324  | Standard Foam Mattress – Childminder Cot | £64.00 |

ARJOHUNTEIGH Babycare Crib Trolley

The Babycare Crib Trolley range has been designed to provide a safe, comfortable and practical environment for the support of baby’s first days in the maternity/neonatal unit.

- Crib made from clear, tough acrylic
- Secure tilting facility, giving 8° of foot-up and foot-down tilt
- Foam mattress with waterproof cover
- Mounted on castors for ease of manoeuvrability
- External bar for pushing the trolley
- Two of the castors brake securely when required for maximum safety
- Easy to use and clean
- Dimensions for HBED34200: L84 x W42.5 x H93cm
- Dimensions for the rest: L84 x W42.5 x H94cm

| HBED34100  | Babycare Crib Trolley – No Storage | £218.00 |
| HBED34110  | Babycare Crib Trolley – 1 Storage Unit | £327.00 |
| HBED34120  | Babycare Crib Trolley – 2 Storage Units | £435.00 |
| HBED34200  | Babycare Crib Trolley – Double Locker | £646.00 |
| HBED34050  | Mattress Pad – Babycare Crib | £28.00 |
SensorCare™

Falls Prevention Systems

SensorCare Bed and Chair Systems monitor patient’s movement from a bed (Bed System), chair (Chair system) or both (Dual System). The sensor panel is placed beneath a mattress and/or a chair cushion and connects to the control unit which then triggers an audio and visual alarm when the bed/chair is vacated.

Bed System Contains:
- Stainless Steel Pressure Sensing Bed Panel
- Control Unit

HBED9001 SensorCare Bed System £580.00

Chair System Contains:
- Stainless Steel Pressure Sensing Chair Panel
- Control Unit

HBED9002 SensorCare Chair System £485.00

Dual System Contains:
- Stainless Steel Pressure Sensing Bed Panel
- Stainless Steel Pressure Sensing Chair Panel
- Control Unit

HBED9003 SensorCare Dual System £705.00

Paging Systems

A Single Zone Paging System is available for the monitoring of a single bed/chair, or a Four Zone Paging System is available for the monitoring of four beds/chairs at any one time. The zone transmitter is attached to the SensorCare Control Unit and then relays a signal to the pager to alert the carer that the bed/chair has been vacated.

Single Zone Paging System Contains:
- 1 x Single Zone Transmitter
- 1 x Alpha Numeric Pager
- 1 x Boot and Strap (to attach pager to clothing)

HBED9004 Single Zone Paging System £445.00

Four Zone Paging System Contains:
- 4 x Single Zone Transmitter
- 2 x Alpha Numeric Pager
- 2 x Boot and Strap (to attach pager to clothing)

HBED9005 Four Zone Paging System £995.00

Carry Bag:
Hard wearing, canvas bag designed specifically for the storage and transportation of the SensorCare System.

HBED9006 Carry Bag £35.00
ARJOHUNTEILEGH

Enterprise® Locker

- All surfaces of the Enterprise Locker are smooth and non-absorbent, making it easy to clean
- Drawers use self lubricating rollers and can be removed along with the internal shelf to enable thorough cleaning of the locker carcass
- Dual sided hooks provide a clean alternative to attaching bags onto the locker and are easily accessible to the patient
- Comprised of a rigid cast base and corner posts and robust MDF panels the locker is designed to be very strong and durable
- Drawers and side panels can be replaced individually if required and an additional, replaceable plastic top that slides onto the top of the locker is available as an accessory
- The Enterprise Locker is extremely lightweight and comes with 65mm twin wheel castors
- The top drawers have been designed to enable easy access for the patient and nurse
- For complete flexibility and ease of use the 3 drawer option has interchangeable top drawers
- Locks for the top drawers are optional and can be provided with a master key if required
- A pull out towel rail that clicks into place when pulled is positioned at the back of the locker which can also be accessed with ease from the front
- Locker colour options are: Blue and Beech, please state when ordering

### ARJOHUNTLIEGH

#### Enterprise® Overbed/Overchair Table
- The Enterprise variable height Overbed/Overchair table is lightweight with 50mm twin wheel castors as standard.
- For complete flexibility of use, the table has been designed for the patient to use both in bed and when seated in a chair.
- Offers an excellent height range of 71–108cm and the two piece tilting table top option allows the patient to position the table at an angle for activities such as reading, using an easy to use, lightweight ratchet system.
- The table has smooth non-absorbent surfaces making it extremely easy to wipe clean.
- All metalwork is coated with nylon polyester which is highly resistant to knocks and abrasions.
- Table colour options are: Blue and Beech, please state when ordering.

**Washable Bedsheets**

It’s as easy as 1-2-3 in fact. The difference between each is simply in the level of absorbency.

- Kylie 1 is for light adult or child absorbency, being capable of holding 1 litre of liquid
- Kylie 2 has a mid range absorbency of 2 litres
- Kylie 3 has the highest absorption level of 3 litres.
- All Kylie bedsheets have generous cotton tuck-in flaps for added security and comfort.
- Supplied with integral waterproof drain sheets
